BY CAR: Coming from St Gallen, Winterthur and Airport

Drive on the highway direction Bern-Basel.

As soon as you come out of the Gubrist tunnel, go left at the sign URDORF. After approx. 2 km (first exit) leave the highway by the exit URDORF+SCHLIEREN. First light signal, turn to the right. Cross over two signals and turn into the right track – approx. 800 m and turn to the right – direction Schlieren – all straight ahead direction Zurich. After about 3 km, you will spot on the left-hand side "Mercedes", followed by "Spönagel", a small tennis court, then our building, and then the larger branch of the second-hand car dealer "Auto Züri West".

Because of the partition separating the car lanes, you have to drive past these companies and make a U-turn at the first traffic light after "Auto Züri West". This way, our building will now lie to your right-hand side (street number 137), where you can turn into the parking lot. ENZIAN SHIP MANAGEMENT AG is situated on the 2nd Floor.
